Title: Quality Manual	Issued by	GB

3.4 Health and Safety Policy

3.4.1 Scope

The scope of the OHSAS policy covers the following operational areas:
premises of Pennine Instruments, customers' sites and the collection and delivery service.

Premises are located at:
80 - 86 Upper Allen Street
Sheffield
S37GW

3.4.2 Purpose

The purpose of this Policy is as follows:

To make information available to the relevant Pennine Instruments' people.
To state the company policy.

3.4.3 Policy

We recognise that we have to carry out our activities and operations in a manner that reduces the risk of causing harm to our employees and others who may be affected by our actions to a minimum.

We are committed to: -
Preventing injury and ill health to our employees and others affected by our actions

Improving the performance of the Occupational Health and Safety Management

We endeavour to comply with all relevant Legislation and other requirements relating to activities carried out by ourselves.

We have established an OHSAS Management System based on the requirements of BS OHSAS 18001 specification as applicable

We have set OHSAS Objectives and Targets to try and improve our overall performance.

Employees are made aware of their responsibilities in achieving these Objectives and Targets and where necessary are given suitable training, supervision and relevant information to assist them in doing so.

Pennine will endeavour to only work with suppliers who have a sound OHSAS policy

The Managing Director has the overall responsibility for maintaining the OHSAS Management System with relevant managers having the day-to-day responsibility.

The Company will ensure that all employers are competent in the work activities which they undertake.

The Company will regularly review the above Health and Safety Policy and monitor employees' health and safety performance.

Signatory: Greg Bell - Managing Director
